

Project Log - Online survey system

Team Monty:

- Dan Kennedy
- Jacob Wahib
- Karl Nicolas
- Paul Zhu

Standups

August 8

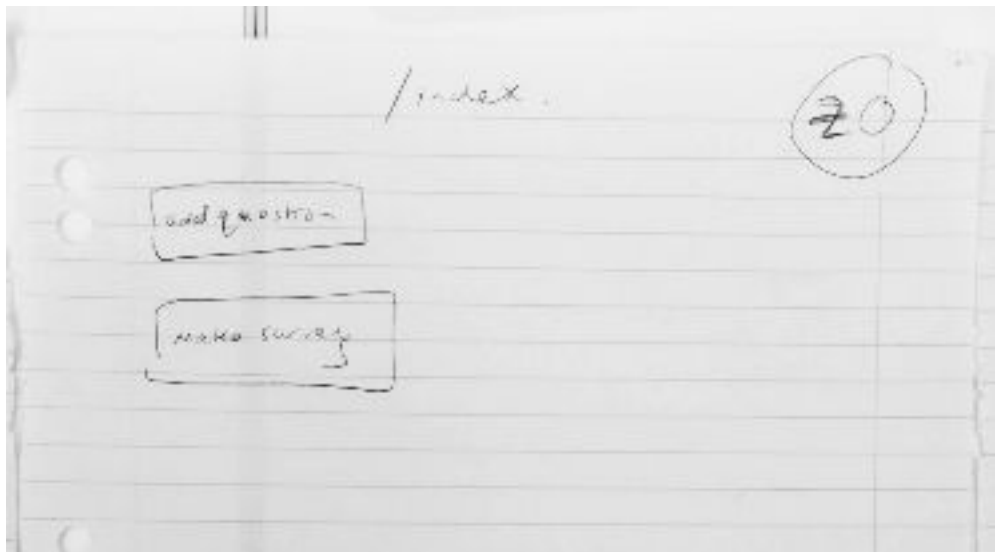

Decided on team roles. Karl Nicolas: Coach, Dan Kennedy: Customer, all : programmers.
Discussed the “epic story”, focussing the customer’s overall goals for the project.

August 15

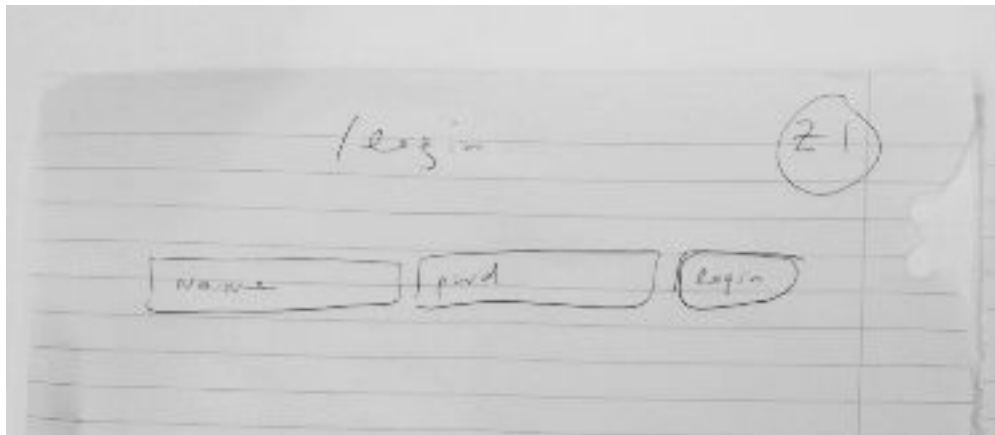

Defined initial list of user stories: *Index page, Login module, Create questions, Create surveys, Share survey, Fill Surveys Module, Store responses, Present data.*

August 22

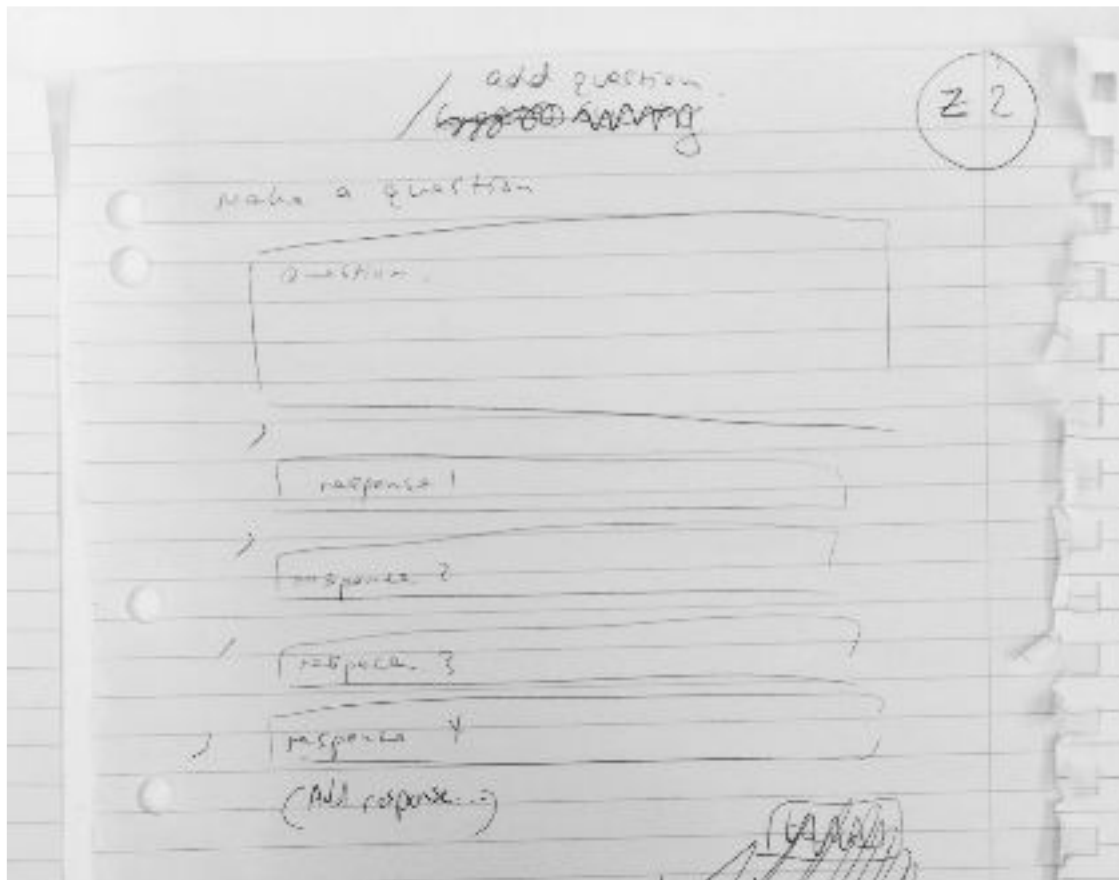

Assigned team members user stories for the first iteration:

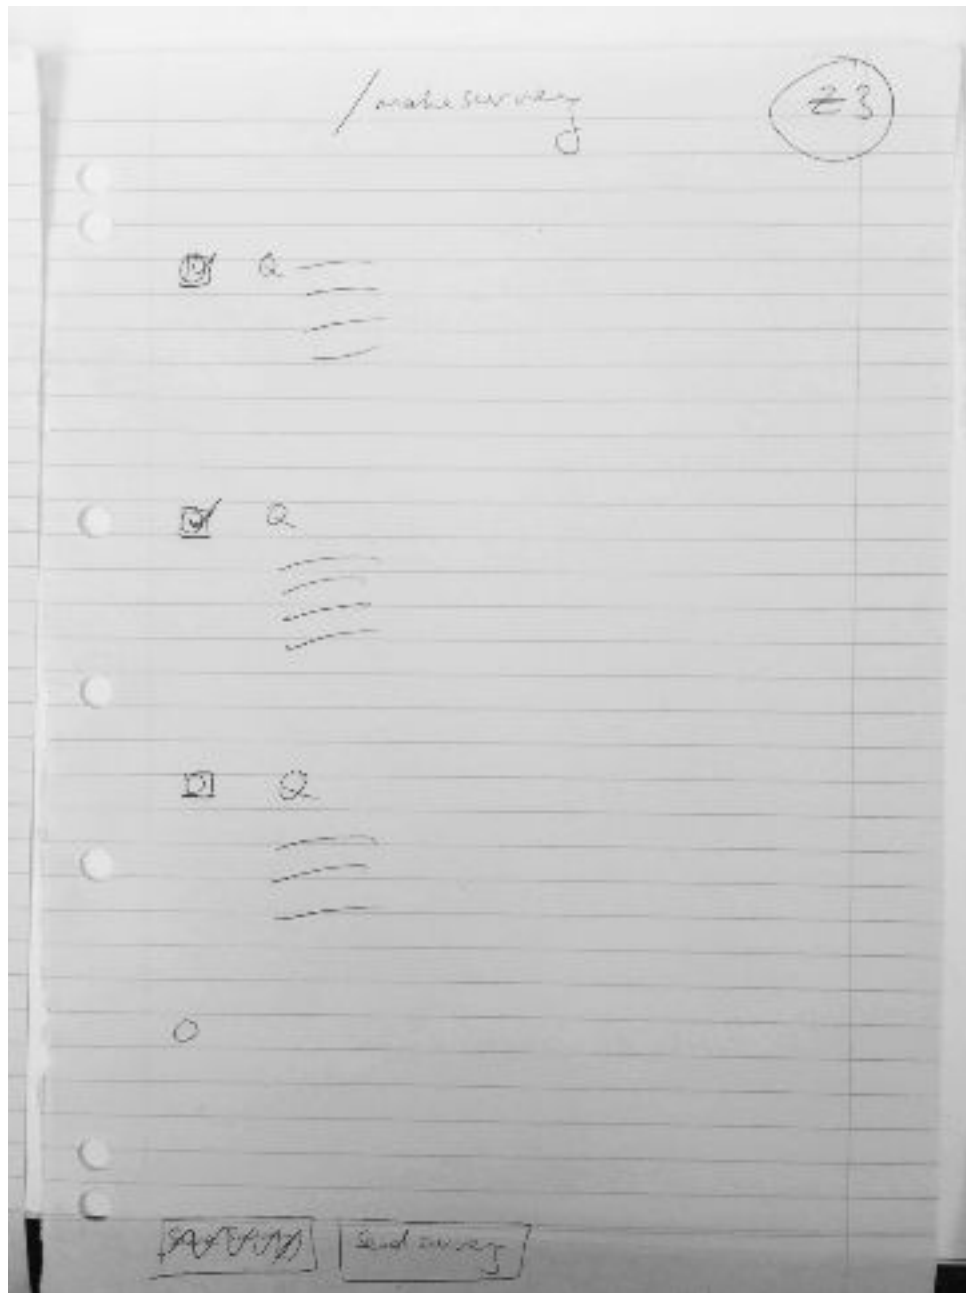

Z0 - Index - Jacob

Z1 - Login - Paul

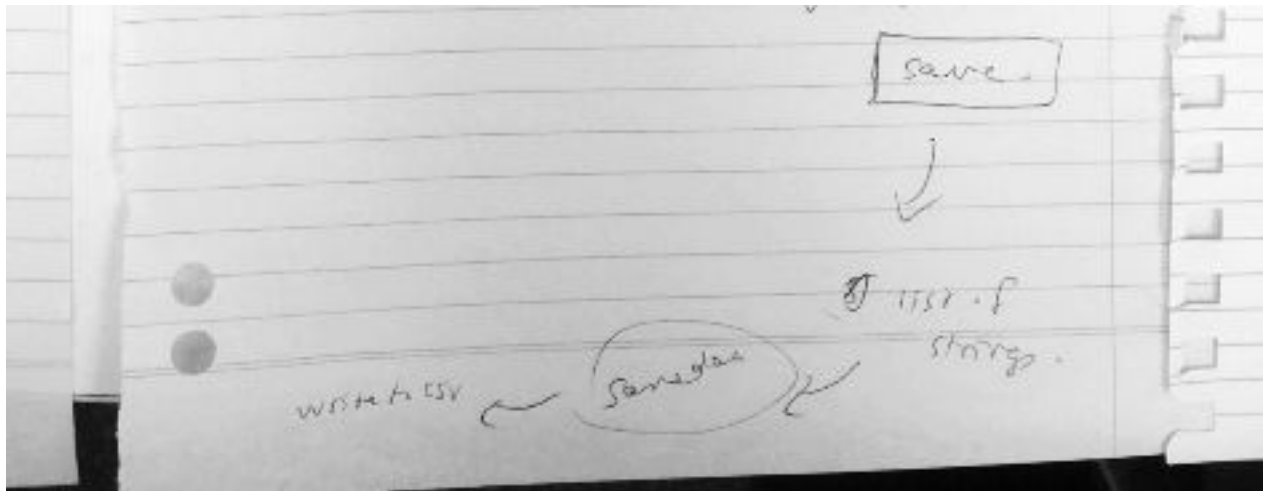

Z2 - Add question - Dan

Z3 - Make survey - Karl

We also discussed how the questions would be saved as a CSV file

A handwritten table with 5 rows and 5 columns. The first column contains the numbers 01, 02, 02, 03, and 04. The other columns contain various letters and symbols. The table is drawn with dashed lines.

01	ab	a	a	a
02	b	a	a	a
02	a	a	a	a
03				
04				

August 29

Some work reapportioned, Karl taking on overall architecture and Dan taking on overall presentation and CSS.

Progress to date, week 7 first iteration demo: Stories 0,2,3,5,6 completed in MVP form.
